1. INTRODUCTION

This manual is a resource for Exchange Visitor Program Sponsor users, that is, Responsible Officers (ROs) and Alternate Responsible Officers (AROs) of the Student and Exchange Visitor Information System (SEVIS). It is presented in two separate volumes in order to delineate the Form DS-2019, and Form DS-3036, DS-3037, and other program updates. This volume addresses the procedures for performing program updates.

This manual provides guidance for using SEVIS. It does not replace the Exchange Visitor Program regulations [22 Code of Federal Regulations (CFR) Part 62]. To obtain administrative guidance on the Exchange Visitor Program, the Exchange Visitor Program regulations [22 CFR Part 62], or program or exchange visitor issues and concerns, contact the Department of State's Office of Designation, Private Sector Exchange.

1.2 Purpose of SEVIS

SEVIS facilitates timely reporting and monitoring of international students, exchange visitors (EVs), and their spouse/dependents in the United States. SEVIS is an Internet-based application for electronically monitoring and reporting on these individuals. SEVIS enables program sponsors and schools to transmit electronic information to the U.S. Department of Homeland Security (DHS), Immigration and Customs Enforcement (ICE) bureau and DoS throughout a student's or exchange visitor's program in the United States.

SEVIS enables the submission of applications for designation. Once designated as an Exchange Visitor Program sponsor, users may update program sponsor information, submit updates to the Department of State that require approval, and create and update J-1 exchange visitor and J-2 spouse/dependent records. The DoS Office of Designation, Private Sector Exchange, has the capability to review and approve updates made to program sponsor and exchange visitor records using SEVIS, and notify ROs and AROs of the results.

1.3 Department of Homeland Security Consent

You are accessing a U.S. Government information system, which includes (1) this computer, (2) this computer network, (3) all computers connected to this network and (4) all devices and storage media attached to this network or to a computer on this network. This information system is provided for U.S. Government-authorized use only. Unauthorized or improper use or access of this system may result in disciplinary action, as well as civil and criminal penalties. By using this information system, you understand and consent to the following: You have no reasonable expectation of privacy when you use this information system; this includes any communications or data transiting, stored on, originated from or directed to this information system. At any time, and for any lawful government purpose, the government may monitor, intercept, search and seize any communication or data transiting, stored on, originated from or directed to or from this information system. The government may disclose or use any communications or data transiting, stored on, originated from or directed to or from this information system for any lawful government purpose. You are NOT authorized to process classified information on this information system.

1.4 Security Reminder

SEVIS was developed to maintain multiple levels of security to help protect against unauthorized access. One of the most important actions that you can take is to safeguard your user ID and password. Your SEVIS user ID and password are for your use only. Do not share your user ID and password with any other person and do not keep a written record of your user ID and/or password in a location that can be accessed by others. For sponsor officials, the Exchange Visitor Program regulations [22 CFR 62.12(e)] specifically address this issue.

If you feel that your password has been compromised, you can reset it using the **Forgot Your Password** link on the *SEVIS Login* page located at <https://egov.ice.gov/sevis/> or the **Change Password** link on the navigation bar within the SEVIS application. Alternatively, you can call the SEVIS Help Desk at 800-892-4829 to have your password reset.

If you believe that an unauthorized person has obtained access to SEVIS, notify the DHS Help Desk immediately at 888-347-7762. The DHS Help Desk is staffed 24 hours a day and can assist with security concerns only. Direct all other SEVIS concerns or questions to the SEVIS Help Desk at 800-892-4829.

The DHS Help Desk will contact the Student and Exchange Visitor Program (SEVP) office immediately. SEVP will work with you to take appropriate steps to protect and prevent loss of SEVIS information. Such actions to be taken may include issuing a new SEVIS user ID and password. System security is a serious matter. SEVP is committed to addressing any system security concerns or issues that may arise. If you need assistance regarding security issues, call the DHS Help Desk at 888-347-7762.

1.5 Acronyms and Abbreviations

Appendix A, Acronyms and Abbreviations, includes a list of terms, abbreviations, and acronyms used in this document.

1.6 Disclaimer

All people, schools, programs, email addresses, and events depicted in this document are fictitious, and no similarity with any real persons or entities, living or deceased, is intended or should be inferred.

2. SEVIS HELP DESK

To report SEVIS-related issues or technical problems, call the SEVIS Help Desk at 800-892-4829. The SEVIS Help Desk is available during the hours of 8 a.m. to 6 p.m. Eastern Time, Monday through Friday, except federal holidays.

To obtain administrative guidance on the Exchange Visitor Program, the Exchange Visitor Program regulations [22 CFR part 62], or program or exchange visitor issues or concerns, contact the Office of Designation, Private Sector Exchange, Bureau of Educational and Cultural Affairs, Department of State (see [U.S. Department of State Contact Information](#)).

3. ACCESS SEVIS

As a federal database, SEVIS is subject to the Federal Information Security Management Act (FISMA). FISMA requires the annual review and verification that all users who access federal systems have both the business need and the authorization to access the system. To comply with FISMA, ROs must annually verify that they, and every ARO, are still employed by the organization and require continued access to SEVIS. If the officials are not validated by the deadline, they will lose access to SEVIS and will be unable to update nonimmigrant records. If applicable, Batch access will also be lost.

A user ID and password are required to access SEVIS. The system also requires use of the following:

- Internet access
- Adobe Reader: If Adobe Reader is not installed on the computer being used, see [Appendix C, Download the Latest Version of Adobe Reader](#), for installation instructions.
- Laser printer: Laser Postscript printer with 32 MB of random access memory (RAM) (96 MB is recommended) or a Laser printer with 32 MB of RAM (64 MB is recommended).

Only authorized users with an active password may access SEVIS. Users may be associated with a program sponsor that has a status of Active or Suspended, or at least one exchange visitor whose status is Active and the program's status is one of the following:

- Denial Pending
- Revocation Pending
- Termination Pending
- Withdrawn

3.1 Password Guidelines

The email you receive from SEVIS when approved to use the system, and the Online Help, provide specific requirements for SEVIS passwords. General guidelines for SEVIS passwords are as follows:

- You cannot reuse any of your previous eight passwords.
- Passwords may not contain a dictionary word or proper noun.
- Passwords must be a minimum of 12 characters in length.
- SEVIS passwords have a maximum life span of 90 days. When logging into SEVIS after 90 days, the *Change My Password* page opens. See [Change Password Reminder](#) for instructions.
- Protect your password. If you feel that your password has been compromised and you are unable to change it using the **Change Password** link on the navigation bar or the **Forgot Your Password** link on the *SEVIS Login* page, call the SEVIS Help Desk at 800-892-4829 to have your password reset.
- SEVIS user IDs and passwords are suspended after three unsuccessful log-in attempts. Use the **Forgot Your Password** link on the *SEVIS Login* page (see [Request Password Reset](#) for instructions) or call the SEVIS Help Desk at 800-892-4829 to have your access to SEVIS reinstated.
- Deactivation will occur if your account is inactive (unused) for 45 consecutive days. In this case, ROs may use the **Forgot Your Password** link on the *SEVIS Login* page, and AROs must contact their RO to request a password reset.
- Do not share your user ID and password. At no time and under no circumstances is your SEVIS user ID and password to be shared with anyone, either on a transitory or permanent basis.

REMINDER: You must log into SEVIS at least once every 45 days to keep your SEVIS user ID active.

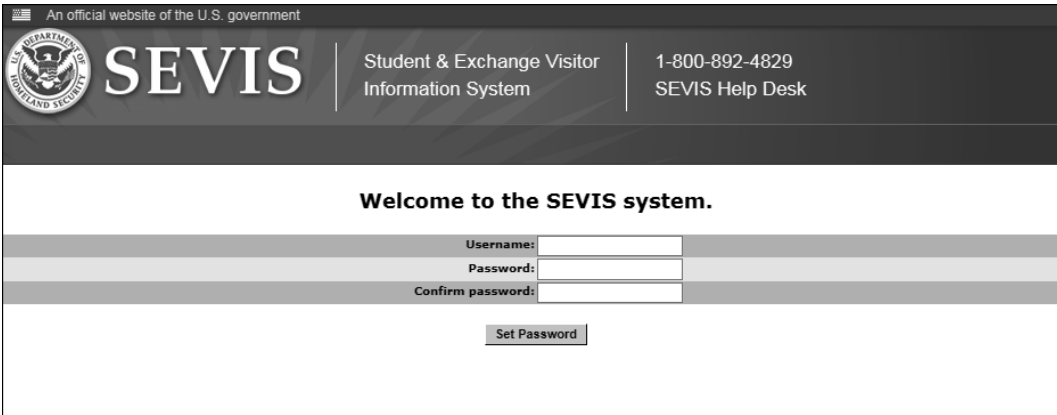

3.2 Create Your Initial SEVIS Password

An authorized user must have a permanent user ID and password to access SEVIS. When approved to use SEVIS, you will receive an email message containing your user ID and a second message containing a secure link to SEVIS. The secure link is associated with your user ID only and is active for 30 days. It can only be used to create a password for your user ID.

To use the link and create your password, perform the following:

1. Click the link contained in the email message. The *Set Password* page opens, as shown in Exhibit 1: SEVIS—Set Password Page.

3.4 Change Password Reminder

You must change your password every 90 days. When you log into SEVIS after 75 days (and up until 90 days), SEVIS displays a message. It asks if you would like to change your password. If you click:

- **Yes**, the *Change Password* page opens.
- **No**, you will be logged into the system.

When logging into SEVIS after 90 days, you have no choice. You must change your password.

To change your password, perform the following:

1. Enter your current password in the **Old Password** field.
2. Enter your new password in the **New Password** field.
Note: You cannot reuse your previous eight passwords.
WARNING: Be careful when entering a password.
 - **Caps Lock:** Passwords are case sensitive. When creating a password using a mix of uppercase and lowercase letters, it must always be entered that way. If the **Caps Lock** key on the keyboard is turned on and you intend to enter "abcdeF9#", the system reads the following password: ABCDEf9#. To SEVIS, these passwords are not the same.
 - **Numeric Keypad:** If using the numeric keypad to enter numbers, be sure to turn on the **Num Lock** key. Otherwise, enter numbers using the keys above the top row of alphabetic characters on the keyboard.
3. Enter your new password again in the **Confirm New Password** field.
4. Click the **Change Password** button. A message displays advising that the password has been changed.
5. Click **OK** to access SEVIS.

Note: If at any time you feel that your password has been compromised and you are not able to change it call the SEVIS Help Desk at 800-892-4829 to have your password reset.

REMINDER: You must log into SEVIS at least once every 45 days to keep your SEVIS user ID active.

3.5 Request Password Reset

The Forgot Your Password option is available for users to request a new SEVIS password. Use this function for any of the following reasons:

- You have forgotten your SEVIS password.
- Your SEVIS account is locked

- You feel that your SEVIS password has been compromised and you are unable to use the Change Password function.

Note: When an ARO has not logged into SEVIS for more than 45 days, his/her user ID will be inactivated. An inactive ARO cannot use the **Forgot Your Password** link on the *SEVIS Login* page to request a password reset. See [Request Password Reset for ARO](#) for information on how an ARO can request to have his/her password reset.

To request to have your password reset, perform the following:

1. Click the **Forgot Your Password** link on the *SEVIS Login* page. The *Request Password Reset* page opens.
2. Click the **Designation by DoS to admit J Exchange Visitors** radio button.
3. Enter your SEVIS user ID in the **User Name** field.
4. Click the **Submit** button. A message displays advising that the request has been submitted to SEVIS. However, if an ARO has not logged into SEVIS for more than 45 days, this message will display, "User is inactive due to 45 days of inactivity. Contact your RO to request a password reset." See [Request Password Reset for ARO](#) for information on how an ARO can request to have his/her password reset.

Note: An email will be sent to the email address associated with the SEVIS user ID. It will provide instructions for creating a new SEVIS password. The email will be valid for 30 days; a password must be created within 30 days of the date on the email.

REMINDER: You must log into SEVIS at least once every 45 days to keep your SEVIS user ID active.

3.6 Request Password Reset for ARO

Users must log into SEVIS at least once every 45 days or they will lose access to SEVIS. When a user has not logged into SEVIS for 30 days, the following will occur:

- An alert will be generated to inform the RO and AROs of the programs to which the user is associated that this user has not logged into SEVIS within the past 30 days. The alert will list the RO and any AROs who have not logged into SEVIS for 30 days.
- An email reminding the user to log into SEVIS will be sent to the RO and AROs of the programs to which the user is associated. If the user is also a PDSO or DSO for a school or campus, all users at those schools/campuses will receive the email, too.

When an ARO has not logged into SEVIS for 45 days, his/her user ID is inactivated. An inactive ARO cannot use the **Forgot Your Password** link on the *SEVIS Login* page to request a password reset. However, he/she may contact the RO to request a password reset.

To request a password reset for an ARO, the RO must perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose ARO is requesting a password reset.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens.
3. Click the **Request Password Reset** link in the **Actions** column for the ARO who is requesting a password reset. The *Request Password Reset* page opens.

Note: The **Request Password Reset** link will only display when an ARO has not logged into SEVIS for more than 45 days.

4. Click the **Request Password Reset** button. The following will occur:
 - An email is sent to the email address associated with this SEVIS user. It provides instructions for creating a new SEVIS password. The email is valid for 30 days; a password must be created within 30 days of the date on the email.
 - An email informing users that a password reset has been requested for this ARO is sent to each RO for the programs to which this user is associated. If the ARO is also a PDSO or DSO for a

school or campus, the email is sent to each PDSO at the schools/campuses to which the user is associated, as well.

4. LOG INTO/OUT OF SEVIS

The next two sections provide instruction on how to log into and out of SEVIS.

4.1 Log Into SEVIS

Subject: New Location for SEVIS Batch Schema XML Files
Date Sent: 08-17-2016 16:34:50

Message Body

For years, the Student and Exchange Visitor Program (SEVP) posted the Student and Exchange Visitor Information System (SEVIS) batch schemas on the ICE.gov website. This has allowed users to validate their batch files against the schemas without needing both a Secure Sockets Layer (SSL) and a digital client certificate. After SEVIS Release 6.27, some batch schools were unable to process their batch jobs because the batch schema XML files were not posted on ICE.gov in a timely way. To avoid similar problems in the future, batch users can also reference the schemas at the following locations:

- <https://egov.ice.gov/sevis/XMLSchema/Create-UpdateStudent.xsd>
- <https://egov.ice.gov/sevis/XMLSchema/Create-UpdateExchangeVisitor.xsd>

These schemas are inside the SEVIS real-time interface application and are identical copies to those in the batch application. To access these schemas, your batch software must be able to establish an SSL connection in the same manner when uploading or downloading batch files. SEVIS will accept files validated against these schemas, when uploaded through the batch application.

8. PROGRAM ACTIONS/EDITS

SEVIS enables ROs and AROs to use the Form DS-3037 to update program information and perform tasks such as requesting an allotment of Forms DS-2019, and adding, updating, and deleting AROs. To perform these tasks, begin by selecting the appropriate program sponsor in the **Name of Program** column on the *Listing of Programs* page. Exhibit 9: Listing of Programs Page—Program Links, is an example of the page.

Exhibit 9: Listing of Programs Page—Program Links

Certain program information can be updated by the RO or an ARO without DoS approval. However, submitted changes for other updates must be reviewed and approved by DoS. The tasks requiring DoS approval also require you to print the Form DS-3036 or DS-3037 and submit the Form and supporting documentation, if any, to DoS. Once DoS reviews and approves or denies the change or request, the program sponsor record is updated, as necessary.

Exhibit 10: Program Sponsor Information Page, is an example of the page that provides links to submit requests to DoS and make changes to the program information. The page contains summary information for the selected program, including program officials' information. The left side of the page contains four menus: **Actions**, **Edits**, **Lists/Reports**, and **View**. The options, or links, on each menu provide you with the capability to complete a variety of tasks. The procedures for making requests and/or changes to program information are described in the following sections.

Note: Click an official's email address link on the *Program Sponsor Information* page to quickly initiate an email to the selected official.

8.1 Amendment

The Amendment option enables a program sponsor to add more categories to its initial designation, as long as those categories comply with DoS business rules (see [Appendix D, Participation by Category Listing](#)).

The amendment process is similar to the initial designation process. An RO or ARO must complete and submit an amendment to the program's original Form DS-3036 using SEVIS. The completed application must also be printed and mailed with supporting documentation to the appropriate Division of DoS. No fee is required and only one request can be submitted at a time. If the application is approved, the program's designation will be updated to include the additional categories.

8.1.1 Complete Amendment Page 1

To complete Page 1 of the Amendment request, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose current program designation is being amended. The *Program Sponsor Information* page opens.
2. Click the **Amendment** link on the **Actions** menu. The first page of the three-page electronic Form DS-3036, as depicted in Exhibit 11: Amendment Page 1, opens. The page includes current data for the selected program.

8.1.4 Submit the Amendment Request

The amendment process is similar to the initial designation process. The RO or ARO must complete and submit an amendment to the program's original designation using SEVIS. There is no fee for submitting an amendment request, and only one amendment request can be submitted at a time.

The completed application must also be printed, signed, and mailed with supporting documentation to the appropriate address. (See [U.S. Department of State Contact Information](#) or Appendix B, Resources, for the appropriate address.) DoS must receive these materials before the request will be reviewed.

Note: The submitter of the request will receive email notification when DoS notes in SEVIS receipt of the completed and signed application, and the supporting documentation.

DoS will use SEVIS to view and process the amendment request; the following outcomes are possible:

- **Approved:** Approval notification will be sent by email to the submitter of the request. The additional categories will be added to the program.
- **Request for Information:** Additional information is required for processing the request. An email will be sent to the submitter of the request advising that additional information is required for the review to continue. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS marks in SEVIS that the information has been received, an email will be sent to the submitter of the request advising that the material has been received and the review process will continue.

- **Denied:** The RO will receive notification by a mailed letter that will provide specific information regarding the basis for denial. There are no means to appeal this decision.

Note: An application that is denied cannot be appealed.

8.2 Cancel Program

An Exchange Visitor Program with a SEVIS status of Active may cancel its participation as a designated program. Sponsors who want to discontinue participation in the Exchange Visitor Program must inform DoS of this decision.

To cancel a program, perform the following:

1. On the *Program Sponsor Information* page, click the **Cancel Program** link. The *Cancel Program* page opens.
2. Click the **Cancel Program** button.
WARNING: The program will be immediately canceled when the **Cancel Program** button is clicked. The status of the program immediately changes to Withdrawn.
Note: Proper steps must be taken to transfer the existing participants out of the program. You may also allow the exchange visitors to complete their programs, at which time their records will become Inactive. When DoS notes in SEVIS that there are no exchange visitors in active status, the remaining users (RO and AROs) will receive an email informing them that their access to SEVIS for the canceled program has been deactivated.
Note: When there are no more exchange visitors in active status and DoS marks in SEVIS that the program is canceled, the remaining SEVIS officials (RO and AROs) will receive an email informing them that their access to SEVIS for the canceled program has been deactivated.

8.3 Change Program Sponsor Name

A program sponsor requesting a name change must submit a signed Form DS-3037 and new Articles of Incorporation to DoS. However, change of ownership requires the completion and submission of a new Designation Application (Form DS-3036).

To submit a request to change the name of the sponsor organization, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program requesting a name change. The *Program Sponsor Information* page opens.
2. Click the **Change Program Sponsor Name** link on the **Actions** menu.
3. Enter the required information.
4. Click the **Change Name** button. A message displays advising that the request has been successfully submitted to SEVIS.
5. On the message page, click the **Print DS-3037** button to print a copy of the Form. (See [Print Form DS-3036, Form DS-3037, or Draft Form](#) for printing instructions.)
6. The signed Form and new Articles of Incorporation must be mailed to the appropriate Division of DoS. See [U.S. Department of State Contact Information](#) for the appropriate address. If DoS does not note in SEVIS receipt of the Form DS-3037 and Articles of Incorporation within 30 calendar days of submission of this request in SEVIS, the request will be automatically deleted from SEVIS.

Following receipt of the Form and the Articles of Incorporation, DoS will process the request. The following outcomes are possible:

- **Application Approved:** The submitter of the request will receive approval notification by email.
- **Request for Information:** The submitter of the request will receive an email advising that additional information must be provided so that DoS can continue processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information and updates the request in SEVIS, the system will send an email to the submitter of the request advising that the material has been received and the review process

will continue. However, a request with a status of Awaiting Additional Information for more than 30 calendar days will be automatically deleted from SEVIS.

- **Application Denied:** The RO will receive notification by a mailed letter that will provide specific information regarding the basis for denial.

Note: When there is an alert for a program, the bell symbol displays on the *Listing of Programs* page. SEVIS does not send email notification for alerts. A sponsor who has submitted a redesignation request, including supporting documentation, may continue to operate the program until DoS notifies the program of a decision to extend or terminate its length of designation.

Note: The required non-refundable fee must be submitted via the Pay.gov website, and a copy of the confirmation page submitted to DoS before this request will be processed. See 22 CFR 62.17, Fees and Charges, for the amount due for redesignation.

The subsequent sections provide instructions for completing and submitting the redesignation application in SEVIS.

8.5.1 Complete Redesignation Application

To complete the redesignation process, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program requesting redesignation. The *Program Sponsor Information* page opens.
2. Click the **Redesignation** link on the **Actions** menu. Exhibit 17: Redesignation Page, is an example of the page that opens.

1. *Type of Application: Redesignation

2. *Organization

I hereby certify that I am an officer of the above named organization with the title of _____; that I am authorized by the _____ to sign this certification and bind the organization and that a true copy of such authorization is on file with the Office of Designation, Private Sector Exchanges, or is attached.

3. Enter the required information, specifically your title in relation to the sponsoring organization and the name of the authorizing body (for example, Board of Trustees).
4. Click the **Submit** button to send the redesignation request to DoS.
5. On the message page that displays, click the **Print DS-3036** button and print a copy of the Form. This Form must be signed and mailed to DoS. (See [Print Form DS-3036, Form DS-3037, or Draft Form](#) for printing instructions.)
6. Access the Pay.gov website (<https://www.pay.gov/>) and submit your electronic payment following the instructions provided by DoS. A copy of the Pay.gov confirmation page showing payment of the required non-refundable fee, and the signed application must be received by DoS before the review process will begin.

See [Submit the Redesignation Request](#) for additional information.

8.5.2 Electronic Submission of Payment

DoS has entered into an agreement with the U.S. Department of Treasury's Financial Management Service (FMS) to participate in an electronic payment system known as "Pay.gov." All Exchange Visitor Program fee payments must be submitted via the Pay.gov website. Currently, the following requests, which are processed using SEVIS, require payment of a non-refundable fee:

- Redesignation
- Change of Category
- Extension Beyond the Maximum Duration of Participation
- Reinstatement
- Reinstatement – Update SEVIS Status

Pay.gov is a secure, Government-wide financial management transaction portal managed by FMS, and developed in cooperation with Cleveland Federal Reserve Bank and Bank of America. The Department accepts payments from checking and savings accounts via Automated Clearing House (ACH) at

Cleveland Federal Reserve Bank and credit card collections with settlement provided by Bank of America. The ACH is a funds transfer network that provides for interbank clearing of electronic entries by participating financial institutions.

Your organization must identify at least two Pay.gov users to DoS to register to use the “Exchange Visitor Program (EVP) Fee Payment” form via Pay.gov. This form is private and exclusively for the use of J-1 designated sponsors to submit requests for services (that is, redesignation, extensions, reinstatements, reinstatement – update SEVIS status, and change of category). Contact DoS to obtain registration information and instructions for submitting payments electronically via Pay.gov.

Note: “ECFMG Sponsorship” and “Permission to Issue” requests are not CURRENTLY processed using SEVIS. However, fee payments for “ECFMG Sponsorship” and “Permission to Issue” must also be made via the Pay.gov website.

8.5.3 Submit Redesignation Request

Following submission of the redesignation request in SEVIS, a signed copy of the request (Form DS-3036), and a copy of the Pay.gov confirmation page showing payment of the required fee, must be mailed to the appropriate Division of DoS. See [U.S. Department of State Contact Information](#) for the appropriate address.

DoS will use SEVIS to view and process the redesignation request; the following outcomes are possible:

- **Approved:** The RO and the submitter of the request, if different, will receive approval notification by email. The email will contain the length of time (1 or 2 years) for which the program has been approved.
DoS will send a letter of redesignation by fax or the U.S. Postal Service. The redesignation term will take effect on the date that appears on the redesignation letter.
- **Request for Information:** Additional information is required for processing the request. The submitter of the request will receive an email advising that additional information must be provided so that DoS can continue processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information and updates the redesignation request in SEVIS, an email is sent to the submitter of the request advising that the material has been received and the review process will continue.
Note: A request with a status of Awaiting Additional Information for more than 60 calendar days will be automatically deleted from SEVIS.
- **Denial Recommended:** An EVPD Manager or Officer has recommended denial of the redesignation request.
- **Denied:** The RO will receive notification by a mailed letter that will provide specific information regarding the basis for denial. There are no means to appeal this decision. The status of the program will change to Denial Pending on the effective date of denial. Once an EVPD Manager or Officer notes in SEVIS that there are no exchange visitors in active status, the RO and AROs will no longer have access to this program sponsor’s records.
Note: A redesignation request that is denied cannot be appealed.

8.6 Register for Batch Processing

Program sponsors and schools may use the batch data exchange to interface with SEVIS. Authorized organizations can utilize systems external to SEVIS to create and update student, exchange visitor, and spouse/dependent (visa types F, M, and J) records and upload the records to SEVIS. Organizations may develop systems in-house or purchase third-party products to communicate with SEVIS and upload and download information (system-to-system).

The batch data exchange (batch interface) process is the method for automated exchange of data between SEVIS and programs, using the Internet. This exchange requires the registration of a digital certificate in SEVIS for those organizations that want to use batch. The RO or an ARO for a program

wanting to use batch must register the digital certificate. Organizations that sponsor multiple programs must register the digital certificate for each program.

Note: Prior to registering the digital certificate for use with SEVIS, download the certificate files with the “.cer” and “.pem” extensions to a secure location on a local area network. The procedures to download the certificate files will vary depending on the type of browser being used.

To register a digital certificate, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program that is being registered. The *Program Sponsor Information* page opens.
2. Click the **Register for Batch Processing** link on the **Actions** menu. The *Acceptance of Batch Interface Security Requirements* page opens.
3. After reading the requirements, click the **Accept** button to proceed with the registration process. The *Batch Process Registration* page opens.
4. To select the path name of the program’s digital certificate, click the **Browse** button and locate the files with the “.cer” or “.pem” extension.
5. Highlight the appropriate file name and click the **Open** button. The *Upload Certificate* page shows the path name in the text box.
6. Click the **Upload Certificate** button. If the certificate and the RO or ARO’s credentials are confirmed by SEVIS, a *Confirmation* page opens. However, if the system cannot validate the certificate and credentials, an error message will display. Remember, only digital certificates issued by VeriSign are valid for use with SEVIS.

Note: The SEVP website and the Online Help contain additional information regarding the SEVIS Batch Interface process. The Universal Resource Locator (URL) for the batch information is <http://www.ice.gov/sevis/schools/batch.htm>.

REMINDER: You must log into SEVIS at least once every 45 days to keep your SEVIS user ID active. Using only Batch will not keep your SEVIS user ID active.

8.7 Request Allotment of Forms DS-2019

DoS allots a specific number of Forms DS-2019 to each Exchange Visitor Program. For an exchange visitor beginning a new program, when his/her Form is submitted, SEVIS automatically reduces the currently allotted total by one. SEVIS also increments the allotment of Forms by one when the status of an exchange visitor (record is in Initial status) is changed to Invalid with the reason of “Form Canceled,” or the system changes the status of the exchange visitor to Invalid. See [Allotment History](#) for additional information.

Each program may apply for an additional allotment as needed. SEVIS provides program sponsors a notice alerting them that 80% or more of their electronic Form DS-2019 allotment has been used; the alert shows the number of Forms remaining. However, a request for an allotment of Forms DS-2019 may be submitted to DoS at any time. DoS has the discretion to determine the number of Forms to provide to the program sponsor.

Note: When there is an alert for a program, the bell symbol displays on the *Listing of Programs* page. SEVIS does not send email notification for alerts. You must use SEVIS to view and process alerts. (See [Alerts](#) for additional information about SEVIS alerts.) Exhibit 18: Allotment Alert, is an example of the alert generated by SEVIS when a sponsor has used 80% or more of their allotment of Forms.

Exhibit 18: Allotment Alert

Note: When using the Request Allotment feature to request an increase in the number of program participants, written justification must also be submitted to DoS. See [Request an Increase in the Number of Program Participants](#) for instructions on requesting approval to increase the number of program participants.

To request additional Forms DS-2019, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program requesting an allotment of Forms. The *Program Sponsor Information* page opens.
2. Click the **Request Allotment of DS-2019** link on the **Actions** menu. The *Request Allotment* page opens.
3. Enter the number of Forms requested.
4. Click the **Request Allotment** button.

Note: If unable to submit this request, view the *Pending Requests* list for this program to determine whether the request has already been submitted. Only one request can be processed at a time.

This request must be reviewed and approved by DoS; the following outcomes are possible:

- **Approved:** An email is sent to inform the submitter of the request that the request has been approved. The number of Forms allotted to the sponsor is included in the email.
- **Request for Information:** Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue. However, a request with a status of Awaiting Additional Information for more than 30 calendar days will be automatically deleted from SEVIS.
- **Denied:** An email is sent to inform the RO and the submitter of the request, if different, that the request has been denied. DoS will send a formal letter by fax or the U.S. Postal Service explaining the reason the request was denied.

8.8 Allotment History

The Allotment History option is available on the *Program Information* page. To view the allotment history for a program, perform the following steps:

1. Log into SEVIS and access the *Program Information* page.
2. Click the **Allotment History** link on the **View** menu. The *Allotment History* page opens. It contains the date(s) and number of Forms Ds-2019 allotted, or deleted by DoS.
3. Click the **Return** button to open the *Program Information* page.

8.9 Program Event History

The Program Event History option is available on the *Program Information* page. To view the event history for a program, perform the following steps:

1. Log into SEVIS and access the *Program Information* page.
2. Click the **Event History** link on the **View** menu. The *Event History* page opens. It includes:
 - **Event Date:** The date the action occurred.
 - **Event Name:** A brief description of the action taken on the program.
 - **Performed By:** This data can be any of the following:
 - Name of the RO or ARO who performed the action.
 - “DoS Official” if someone from DoS performed the action.
 - “SEVIS Maintenance” if the change occurred because of automated system processing.
3. Click the Program Sponsor Information link to return to the *Program Information* page.

These fields/functions are also available on the *Event History* page:

 - **Plus (+)/Minus (-) sign:** To view additional details for a specific event, click the plus (+) sign. To hide the details, click the minus (-) sign.
 - **Search field:** Enter the characters that you want to search for. This option allows you to narrow the list of events. To view all events, clear the text entered in the Search field.
 - **Sort Order:** To change the order of the data, click a column heading. The default setting for the data is the most recent event to the oldest event.
- 4.

8.10 Request Brochures

Although this option is available in SEVIS, do not use it. Brochures can be obtained at the <http://j1visa.state.gov/> website or by contacting the Department of State.

8.11 Request Increase in the Number of Program Participants

This section explains the procedures for requesting an increase in the allotment of Forms DS-2019 for the purpose of expanding the number of participants in a program.

DoS is vested with the discretion to determine the number of participants in a given sponsor's program. In determining this number, the Department considers current program size, projected expansion of program size, and the current administration of the specific program. The Department is particularly concerned with requests for a significant expansion in a relatively short period of time. Requesting an increase in the number of program participants is a two-step process, including an electronic submission through SEVIS and written justification.

WARNING: DoS must receive the written justification within 30 calendar days of submission of the request in SEVIS. Otherwise, the request will be denied. See [Request Allotment of Forms DS-2019](#) for the procedures for the electronic submission of a request for an allotment of Forms.

When making a request for an increase in the number of Forms, information that demonstrates the ability to select, place, and supervise additional exchange visitors must be submitted to DoS. The request must be:

1. Prepared on the program sponsor's letterhead, and
2. Mailed or faxed to the appropriate Division of the Office of Designation, Private Sector Exchange, for processing

The written justification must address the following:

1. The reason for the request for program expansion
2. Staff increases relevant to this anticipated program increase including before and after staffing patterns/personnel structures
3. Confirmation/assurance that the new employees/representatives have been adequately trained in order to assume their respective duties and responsibilities associated with this program expansion
4. Current financial information (including year-end financial statements/reports and a proposed business plan)
5. Any other information on how this program growth will be absorbed

Mail the materials to DoS; see [U.S. Department of State Contact Information](#) for the appropriate address.

8.12 Add/Update Foreign Entity Information

You may add information to SEVIS regarding foreign entities (that is, overseas agents or partners). Multiple entities may be added; the data can be updated, too. The next two sections provide instruction on adding and updating foreign entity data.

8.12.1 Add Foreign Entity Information

To add foreign entity information, perform the following:

1. On the *Program Sponsor Information* page, click the **Add Foreign Entity Information** link on the **Edits** menu. The *Add Foreign Entity Information* page opens, as shown in Exhibit 19: Add Foreign Entity Page.

Note: Once foreign entity data has been added, the **Add Foreign Entity Information** link changes to **Add/Update Foreign Entity Information**.

3. Click the **Add Foreign Entity** button to save the data. The confirmation page opens.

4. Click the **Return** button on the confirmation page to view the *Foreign Entity Information* page.

Note: The system automatically sets the status of the foreign entity to Active. Once foreign entity information is added to SEVIS, it cannot be deleted; however, the entity can be set to Inactive status. See the next section for instruction on how to set a foreign entity to Inactive status.

8.12.2 Update Foreign Entity Information

Once foreign entity information is added to a sponsor's SEVIS record, the **Add Foreign Entity Information** link on the *Program Information* page changes to **Add/Update Foreign Entity Information**.

To update data on an existing foreign entity record, perform the following:

1. On the *Program Sponsor Information* page, click the **Add/Update Foreign Entity Information** link on the **Edits** menu. The *Foreign Entity Information* page opens.
2. Click the **Update** link on the **Commands** menu for the appropriate entity. The *Update Foreign Entity* page opens.
3. Update the information as necessary.

5. Click the **Update Foreign Entity** button to save the data. The confirmation page opens.
6. Click the **Return** button on the confirmation page to view the *Foreign Entity Information* page.

8.13 Add/Update Officials

You may update an existing official's information in SEVIS, and add new or existing officials. Also, the RO and ARO may submit a request to replace the RO. The *Official Information* page is used to add/update officials. Exhibit 20: Official Information Page, is an example of the page.

Note: Each program sponsor must have one RO and may have multiple AROs; however, DoS reserves the right to limit the number of AROs.

8.13.1 Add New Official as an ARO

All program sponsor personnel who will access SEVIS and perform tasks must have a record in SEVIS. A new ARO is someone who does not have a record in SEVIS, and does not have a SEVIS user ID and password. Each program sponsor may have multiple AROs; however, DoS reserves the right to limit the number.

To add a new ARO, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program to which a new ARO is being added. The *Program Sponsor Information* page opens.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens (Exhibit 20).
3. Click the **Add New Official** link below the **Official Name** column. Exhibit 21: Add Official Page, is an example of the page that opens.

4. Enter the following information (an asterisk (*) precedes the fields that must be completed).
- *** Last Name:** Enter the surname or family name of the person.
 - *** First Name:** Enter the first name of the person.
 - **Middle Name:** Enter the middle name of the person. This field may be left blank if the person has no middle name, or the middle name is unknown.
 - **Suffix:** Enter a title, such as Junior, that may follow a person's name.
 - *** The Official is:** Select the appropriate option, **United States Citizen** or **Legal Permanent Resident (LPR)**.
Note: All program sponsor officials must be citizens or LPRs of the United States.
 - *** If LPR, enter A-Number:** Enter the alien number if the prospective ARO is an LPR. Enter the complete A-Number, including the "A" (for example, **A123456789**).
If an error message displays advising that the A-Number is not valid, you may have entered an eight-digit number. The system requires a nine-digit number. Take the following actions:
 - a. Check the original number carefully. If it has nine digits, correct the SEVIS entry.
 - b. If it has eight digits, it may be a valid number. Enter it into SEVIS by adding a zero to the beginning of the number (many existing A-Numbers are only eight digits long), for example, **A012345678**. If it has less than eight digits, it is invalid.
 - c. Query the prospective official to obtain his/her valid A-Number.
 - *** Role:** Select the ARO role for the official.
 - *** Title:** Enter the name of the position held by the person representing the sponsor. Titles should be given in full, without abbreviations (for example, Chief Executive Officer, not CEO).
 - *** Telephone Number:** Enter a valid telephone number, including the three-digit area code and an extension, if applicable.
 - **Fax Number:** Enter a fax number, including area code, for a fax machine. While this is not mandatory, it is encouraged to assist in communicating with DoS.
 - *** Email Address:** Enter a valid electronic mail address. SEVIS correspondence will be sent to this email address, including the SEVIS user ID and password instructions for new users.
Note: An email address is not secure if it can be accessed by more than one person (for example, info@ABCcollege.edu).

5. Click the **Add Official** button at the bottom of the page. A message displays advising that the request has been successfully submitted to SEVIS.
6. On the message page, click the **Print DS-3037** button. See [Print Form DS-3036, Form DS-3037, or Draft Form](#) for printing instructions. The printed Form includes a section to be filled out and signed by the new ARO, certifying his/her citizenship status. This Form DS-3037 must be signed before it is submitted to DoS.

Note: If the Form is not printed immediately after submitting the request in SEVIS, it may be printed by accessing the *Program Sponsor Information* page. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.

7. Mail the completed Form to the appropriate Division of DoS; see [U.S. Department of State Contact Information](#) for the appropriate address. If DoS does not note in SEVIS receipt of the Form DS-3037 and the signed Certification Citizenship Form within 30 calendar days of submission of this request in SEVIS, the request will be automatically deleted from SEVIS.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved:** The submitter of the request will automatically receive approval notification by email. The new ARO will receive two email messages from SEVIS, one containing his/her SEVIS user ID and the second providing instructions for creating a SEVIS password.
- **Request for Information:** Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied:** The submitter of the request will receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

8.13.2 Add Existing Official as ARO

All program sponsor personnel who will access SEVIS and perform tasks must have authorization to use SEVIS. Each program sponsor may have multiple AROs; however, DoS reserves the right to limit the number.

There are program sponsor and school personnel (that is, RO, ARO, and PDSO/DSO) who already have access to SEVIS because of their affiliation with another program or school. They are considered existing officials.

Note: An official who performs duties for more than one Exchange Visitor Program sponsor or who is a PDSO or DSO for a school can have **only one** title, telephone number, fax number, and email address in SEVIS. Therefore, if you are adding an existing official so that he/she can access other sponsor or school records with one SEVIS ID, the information associated with the current SEVIS ID will populate all relative fields for other programs and schools. If you update these fields, the new data will be the same for **all** sponsors and schools with which the official is associated. Also, for PDSOs and DSOs, **the title entered will print on all student Forms I-20.**

To add an existing official and assign him or her to a role as an ARO, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program to which the ARO is being added. The *Program Sponsor Information* page opens.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens.
3. Click the **Add Existing Official** link below the **Title** column. The *Add Existing Official* page opens.
4. Enter the active user's SEVIS user ID in the **User Name** field.
5. Click the **Add Official** button. The *Add Existing Official* page opens. Exhibit 22: Add Existing Official Page, is an example of the page.

6. Make the necessary changes to the official's data.

Note: An official who performs duties for more than one Exchange Visitor Program sponsor or who is a PDSO or DSO for a school can have **only one** title, telephone number, fax number, and email address in SEVIS. If these fields are updated, the new data will be the same for **all** sponsors and schools with which the official is associated. Also, for PDSOs and DSOs, **the title entered will print on all student Forms I-20.**

7. Click the **Add Official** button. A message displays advising that the request has been successfully submitted to SEVIS, and
- If the existing official is an RO or ARO, the application is automatically approved. When the official accesses SEVIS, he/she will have access to the new program.
 - If the existing official is a PDSO or DSO, click the **Print DS-3037** button on the message page and print the Form. (See [Print Form DS-3036, Form DS-3037, or Draft Form](#) for printing instructions.) The Form DS-3037, including the signed Citizenship Certification Form, must be submitted to DoS for review.

8. Mail the original signed Form DS-3037 for a PDSO or DSO to the appropriate Division of DoS. See [U.S. Department of State Contact Information](#) for the appropriate address.

Note: If the Form is not printed immediately after submitting the request in SEVIS, it can be printed by accessing the *Program Sponsor Information* page. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved:** The submitter of the request and the newly added ARO will receive approval notification by email. The next time the ARO logs into SEVIS, he/she will have access to the data for the additional program.
- **Request for Information:** Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue.
- **Denied:** The submitter of the request will receive email notification about the denial decision. He/she will also receive a fax or mailed letter providing specific information regarding the denial decision.

8.13.3 Update Existing Official's Information

Updating an active official's data in SEVIS includes changing his/her name, telephone or fax number, and/or email address. Changes to the official's telephone number, fax number, and email address take

effect immediately. However, changing the official's name (for example, the official got married) requires review and approval by DoS.

To update an official's record, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose official's record is being updated. The *Program Sponsor Information* page opens.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens.
3. Click the **Update** link to the right of the name of the official whose information is being updated. The *Update Official* page opens.

Note: Only an RO can update the RO's information.

Note: An official who performs duties for more than one Exchange Visitor Program sponsor or who is a PDSO or DSO for a school can have **only one** title, telephone number, fax number, and email address in SEVIS. If these fields are updated, the new data will be the same for all programs and schools with which the official is associated. Also, for PDSOs and DSOs, **the title entered will print on all student Forms I-20.**

4. Make the necessary changes to the official's data.
WARNING: If the official's name **and** other data must be updated, make all changes *except* the name change and click the **Update Official** button. Those changes will take effect immediately. Name-change requests must be reviewed and approved by DoS (for example, the user changed his/her first, middle, or last name).
5. Click the **Update Official** button. A message displays advising that the request has been submitted. If the title, telephone number, fax number, and/or email address fields were updated, those changes will take effect immediately.
6. When submitting a request for a name change, click the **Print Form DS-3037** button on the message page to print the Form. See [Print Form DS-3036, Form DS-3037, or Draft Form](#) for printing instructions.
7. The RO and proposed official must sign the Form (Certification of Citizenship), before submitting it to DoS.

Note: If changing only the official's middle name and/or suffix, those changes do not print on the Form; however, they do require DoS approval.

8. Mail the original signed Form to the appropriate Division of DoS; see [U.S. Department of State Contact Information](#) for the appropriate address. If DoS does not note in SEVIS receipt of the Form DS-3037 and the signed Citizenship Certification Form within 30 calendar days of submission of this request in SEVIS, the request will be automatically deleted from SEVIS.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved:** The submitter of the request and the ARO whose name has been changed will receive approval notification by email.
- **Request for Information:** Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue. However, a request with a status of Awaiting Additional Information for more than 30 calendar days will be automatically deleted from SEVIS.
- **Denied:** The submitter of the request will receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

8.13.4 Delete Existing ARO

Deleting an official will remove the individual's record from association with a specific Exchange Visitor Program altogether and the official will no longer be able to perform SEVIS tasks for that program sponsor. To delete an official, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the sponsor whose ARO you want to delete. The *Program Sponsor Information* page opens.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens.
3. Click the **Delete** link to the right of the email address of the official whose access to SEVIS you want to delete. The *Delete Official* page opens.
4. Review the data that displays on the page. Be sure that this is the official whose access to SEVIS is to be terminated.
5. Enter a reason for deleting this official in the text box provided. Completion of this field is optional.
6. Click the **Delete Official** button. The deletion will take effect immediately.

Note: If this is the only ARO for the program, a warning displays. Every Exchange Visitor Program must have one RO and may have multiple AROs. Continue to delete the ARO, or click the **Cancel** button to return to the *Official Information* page without taking any action on the official.

8.13.5 Replace RO With Existing SEVIS User

The RO or an ARO for the program may submit a request to replace the RO. When the request is submitted by an ARO or an RO submits a request to be replaced by a PDSO or DSO, the request must be reviewed and approved by DoS. However, if the RO submits a request to be replaced by an existing RO or ARO, the replacement takes effect immediately.

To request to replace the RO with an existing SEVIS user, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose RO you want to replace. The *Program Sponsor Information* page opens.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens.

Note: The signed Form DS-3037 must be sent to DoS.
8. Mail the original signed Form DS-3037 to the appropriate Division of DoS; see [U.S. Department of State Contact Information](#) for the appropriate address. If DoS does not note in SEVIS receipt of the

Form DS-3037 and supporting documentation within 30 calendar days of submission of the request in SEVIS, the request will be automatically deleted from SEVIS.

If the request must be processed by DoS, the following outcomes are possible:

- **Approved:** The submitter of the request and the new RO will automatically receive approval notification by email.
- **Request for Information:** Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue. However, a request with the status of Awaiting Additional Information for more than 30 calendar days will be automatically deleted from SEVIS.
- **Denied:** The RO will receive email notification about the denial decision. He or she will also receive a fax or mailed letter providing specific information regarding the denial decision.

8.13.6 Replace RO With New SEVIS User

An existing RO or ARO may submit a request to replace the RO with a new SEVIS user, someone who is not authorized to use SEVIS. The request must be reviewed and approved by DoS.

To request the replacement of an RO with a new SEVIS user, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose RO is being replaced. The *Program Sponsor Information* page opens.
2. Click the **Add/Update Officials** link on the **Edits** menu. The *Official Information* page opens.
3. Click the **Replace** link to the right of the current RO's email address. The *Replace RO* page opens.
4. Complete the following information on the lower part of the page (an asterisk (*) precedes the fields that must be completed):
 - *** Last Name:** Enter the surname or family name of the person.
 - *** First Name:** Enter the first name of the person.
 - **Middle Name:** Enter the middle name of the person. This field may be left blank if the person has no middle name, or the middle name is unknown.
 - **Suffix:** Enter a title, such as Junior, that may display at the end of the person's name.
 - *** The Official is:** Select the appropriate option, **United States Citizen** or **Legal Permanent Resident (LPR)**.
Note: All program sponsor officials must be citizens or LPRs of the United States.
 - *** If LPR, enter A-Number:** Enter the alien number if the prospective ARO is an LPR. Enter the complete A-Number, including the "A" (for example, **A123456789**).
If an error message displays advising that the A-Number is not valid, you may have entered an eight-digit number. The system requires a nine-digit number. Take the following actions:
 - a. Check the original number carefully. If it has nine digits, correct the SEVIS entry.
 - b. If it has eight digits, it may be a valid number. Enter it into SEVIS by adding a zero to the beginning of the number (many existing A-Numbers are only eight digits long), for example, **A012345678**. If it has less than eight digits, it is invalid.
 - c. Query the prospective official to obtain his/her valid A-Number.
 - *** Role:** Select the ARO role for the official.
 - *** Title:** Enter the name of the position held by the person representing the sponsor. Titles should be given in full, without abbreviations (for example, Chief Executive Officer, not CEO).
 - *** Telephone Number:** Enter a valid telephone number, including the three-digit area code and an extension, if applicable.

- **Fax Number:** Enter a fax number, including area code, for a fax machine. While this is not mandatory, it is encouraged to assist in communicating with DoS.
 - *** Email Address:** Enter a valid electronic mail address. SEVIS correspondence will be sent to this email address, including the SEVIS user ID and password instructions for new users.
Note: An email address is not secure if it can be accessed by more than one person (for example, info@ABCcollege.edu).
5. Click the **Replace RO** button at the bottom of the page. A message displays advising that the information has been successfully submitted to SEVIS.
 6. To print the Form, click the **Print DS-3037** button on the message page (see [Print Form DS-3036, Form DS-3037, or Draft Form](#) for printing instructions). The printed Form includes a section to be filled out and signed by the prospective RO, certifying his/her citizenship status. DoS will not begin processing this request until they receive the signed Form.
Note: If the Form is not printed immediately after submitting the request in SEVIS, it can be printed by accessing the *Program Sponsor Information* page. Click the **Pending Requests** link on the **Actions** menu, and then click the **Print** link for the appropriate request.
 7. Mail the Form DS-3037, along with the signed Certification Citizenship Form, to DoS. See [U.S. Department of State Contact Information](#) for the appropriate address. The signed Form must be submitted to DoS before the review process will begin. If DoS does not note in SEVIS receipt of the Form DS-3037 and signed Certification Citizenship Form within 30 calendar days of submission of this request in SEVIS, the request will be automatically deleted from SEVIS.

DoS will use SEVIS to review and process this request; the following outcomes are possible:

- **Approved:** The submitter of the request will receive approval notification by email. The new RO will receive two email messages from SEVIS, one containing his/her SEVIS user ID and the second providing instructions for creating a SEVIS password.
- **Request for Information:** Additional information is required for processing the request. A letter outlining the need for additional information will be sent by fax or the U.S. Postal Service. When DoS receives the information, the review process will continue. However, a request with a status of Awaiting Additional Information for more than 30 days will be automatically deleted from SEVIS.
- **Denied:** The RO will receive an email notification and a mailed letter that will provide specific information regarding the denial decision.

8.14 User Verification

As a federal database, SEVIS is subject to the Federal Information Security Management Act (FISMA). FISMA requires the annual review and verification that all users who access federal systems have both the business need and the authorization to access the system. To comply with FISMA, ROs must annually verify that they, and every ARO, are still employed by the organization and require continued access to SEVIS. If the officials are not validated by the date listed in the message, they will lose access to SEVIS and will be unable to update nonimmigrant records. If applicable, Batch access will also be lost.

Ninety days before the program's user verification date, a message will display on the *Message Board* and the *Program Information* pages. The RO message will include a link to confirm that users require access to SEVIS. Only the RO can complete this task.

SEVIS will generate automatic email reminders 30, 15, and 5 days before the verification deadline if the RO has not confirmed that users require access to SEVIS. Users will lose access to SEVIS, including Batch, if user verification is not completed by the deadline.

To complete user verification, perform the following:

1. On the *Program Information* or *Message Board* page, click the **required to verify** link in the message box. The *ARO Verification* page opens. If a person is an RO at multiple programs, all of the programs

will be listed on the left side of the page. The program links will be removed once user verification is submitted.

2. For each ARO listed, select:
 - **Yes** if the person is still employed by your program and requires continued access to SEVIS.
 - **No** if the person does not require access to SEVIS. The person will be unable to log into SEVIS, but will be able to finish an active session. When a user loses access to SEVIS, he will also be unable to process batch files.

Note: Selecting the **Clear Selections** link will remove the selected option for all AROs.
3. Click the **Submit** button to update SEVIS. Once all users have been verified, the message will no longer display on the *Program Information* and *Message Board* pages. Also, the program link will be removed from the *ARO Verification* page.

8.15 Update Program Sponsor Information

The program sponsor's address, employer identification number, and general contact information may be updated at any time.

Note: General contact information may be used by exchange visitors and the general public to contact the program sponsor. The information entered into the General Contact Information section will be published on the DoS Exchange Visitor Program website as part of the listing of designated sponsors. Completion of these fields is optional but considered to be beneficial in the administration of a designated program.

To update the program's address or employer identification number, and add/or update general contact information, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose information you want to update. The *Program Sponsor Information* page opens.
2. Click the **Update Program Sponsor Information** link on the **Edits** menu. The *Update Program Sponsor Information* page opens.
3. Enter or edit the information in the Business Address of Sponsoring Organization section. Completion of the business address is required.
4. Enter or edit the information in the Mailing Address of Sponsoring Organization section. Completion of this section is required if the sponsor's business address is different from the mailing address.
5. Completion of the Employer Identification Information section is optional. However, if the Employer Identification Date of Issuance is entered, the Employer Identification Number is required.
6. Completion of the General Contact Information section is optional.

REMINDER: The information entered into the General Contact Information section will be published on the DoS Exchange Visitor Program website as part of the listing of designated sponsors. Also, the Emergency Telephone Number may be used by exchange visitors and the general public to contact the sponsor after hours. This number will be published to the DoS Exchange Visitor Program website.
7. Click the **Update Information** button. These updates will take effect immediately; they do not require review by DoS.

8.16 Update CEO Information

Updating the CEO's information includes changing his/her name and/or title. To update this information, perform the following:

1. On the *Listing of Programs* page, click the link in the **Name of Program** column for the program whose CEO information is being updated. The *Program Sponsor Information* page opens.
2. Click the **Update CEO Information** link on the **Edits** menu. The *Update CEO Information* page opens.
3. Make the necessary changes to the CEO's data.

4. Click the **Update CEO Information** button. A message displays advising that the request does not require processing (by DoS) and will take effect immediately.
5. Click the **Return** button to return to the *Program Information* page. The new information for the CEO will display on the page.

9. PRINT FORM DS-3036, FORM DS-3037, OR DRAFT FORM

The **Print DS-3036**, **Print Draft**, and **Print DS-3037** buttons are located on various SEVIS pages. Selecting one of these buttons will open Adobe Reader, from which a copy of the selected Form may be sent to a designated printer.

Note: If the latest version of Adobe Reader is not installed on the computer being used, see [Download the Latest Version of Adobe Reader](#) for installation instructions.

To print a copy of a Form, perform the following:

1. Click the **Print DS-3036**, **Print Draft**, or **Print DS-3037** button. Another browser window opens and the Form displays using Adobe Reader, from which a copy of the Form may be sent to a designated printer.

3. Click the **Print** button on the Adobe Reader toolbar. The *Print* window opens.
4. Ensure the name of the printer you want to use is listed in the **Name** field of the *Print* window. If it does not show the correct printer, click the **down arrow** to the right of the field and select the correct printer.
5. Click **OK** and the Form prints to the designated printer.
6. Click the Close button on the *Adobe Reader* window to close the window.

11. EXCHANGE VISITOR LISTS

SEVIS enables you to quickly access lists of exchange visitors to view using the **EV Lists** option on the *Listing of Programs* page. From these lists, you may also access exchange visitor records to process. These lists provide a quick method for program sponsor officials to access exchange visitor and spouse/dependent records.

12. ALERTS

Alerts are notices to users identifying tasks that need to be completed in SEVIS. In most cases, these alerts are indicators that, according to the information currently in the system, a deadline is approaching for some type of process. For example, 6 months before a program's designation expires, SEVIS provides an alert indicating that the redesignation date is nearing. Another alert will display 3 months prior to the redesignation date.

Note: When an alert exists, the bell symbol displays on the *Listing of Programs* page, to the left of the Name of Program column. SEVIS does not send email notification for alerts. You must access SEVIS to view and process alerts.

Exhibit 26: Listing of Programs Page—Alerts Button, shows the location of the **Alerts** button on the page. The bell symbol only displays on the *Listing of Programs* page if there is an alert for the program.

Exhibit 26: Listing of Programs Page—Alerts Button

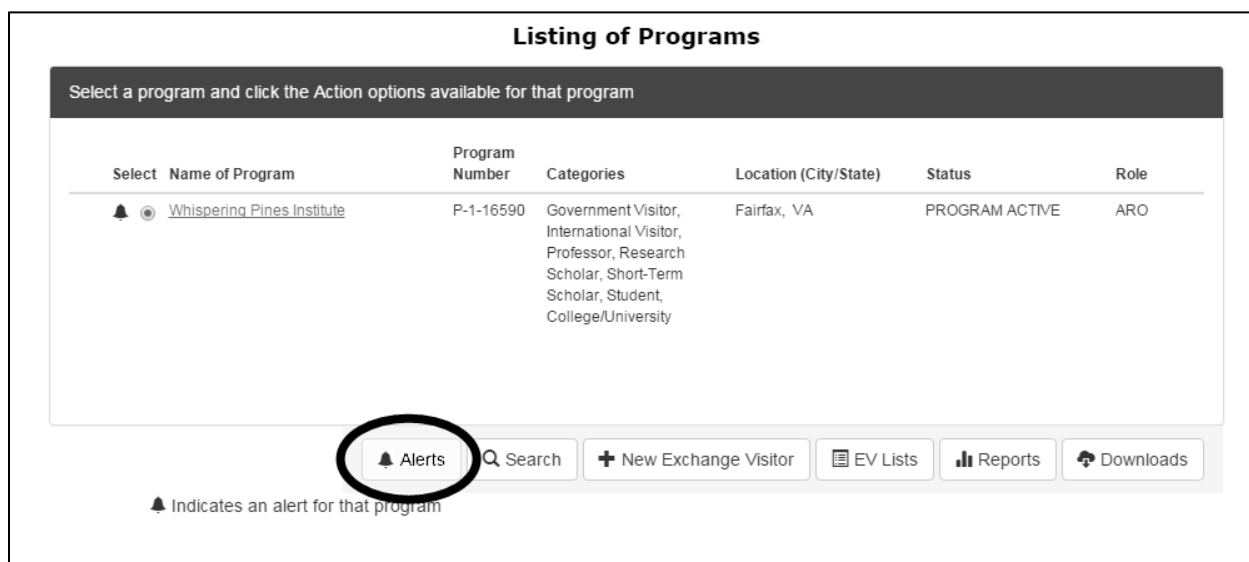

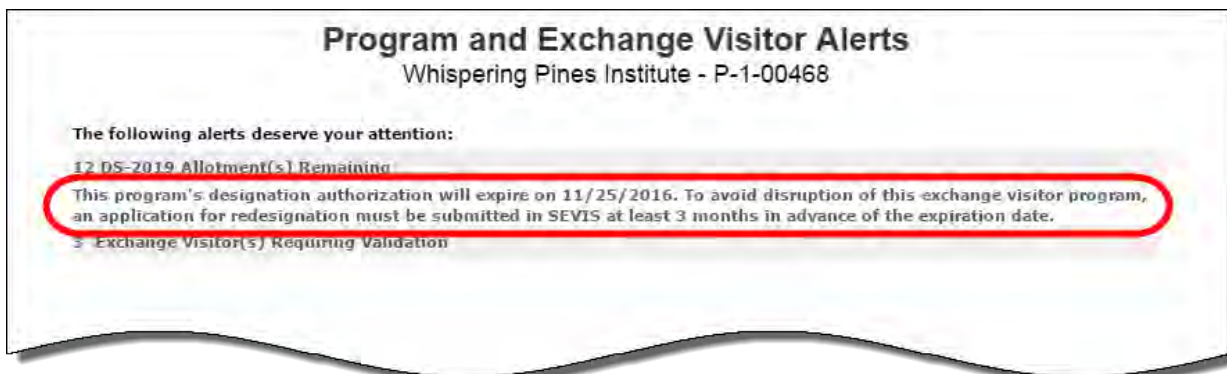

Exhibit 27: Alerts for Whispering Pines Institute, is an example of an alerts page. In Exhibit 27, the first alert is a reminder that the sponsor has twelve DS-2019 Forms remaining. The second alert is a reminder that the program's designation will expire on November 25, 2016, and the redesignation application must be submitted in SEVIS at least 3 months before that date. The third alert is for three exchange visitor records that require validation of program participation. See Volume II for details on processing the exchange visitor alerts.

Exhibit 27: Alerts for Whispering Pines Institute

Below is an alphabetical listing of the Exchange Visitor Alerts, including the alert title, description, and explanation of the action required. Alerts for exchange visitors and dependents are discussed in detail in Volume II of this manual. Also, see Volume II for instructions on sorting and exporting lists.

It will be removed when DoS enters the date the report was received into SEVIS or when the due date is in the past.
Action Required: Generate and print the report using SEVIS. Submit the report to DoS each year by the date stipulated on the program's designation or redesignation letter.
- **Annual Report Past Due Date** (See [Complete the Annual Report](#) for instructions on completing and submitting the Annual Report to DoS.)  - Status is Initial and the current date is 10 days or more after the benefit start date and the exchange visitor has an approved change of status

- Status is Transferred and the current date is 10 days or more after the effective date of transfer

The reminder will provide a reason the exchange visitor's record is on the alert of Initial, Pending Change of Status, Approved Change of Status or Transfer.

Action Required: This is based on the reason the exchange visitor's record displays:

- If the status is Initial, an RO or ARO may change the status of the exchange visitor's record to Active (validate program participation), No Show or Invalid. They may also amend the program begin and/or end date if it is known the exchange visitor will be arriving in the U.S. at a later date.
 - If the status is Pending Change of Status, an RO or ARO may amend the program begin and/or end date if the change of status will not be approved before the program begin date.

13. REPORTS

SEVIS provides the capability to generate and print a variety of reports that reflect current SEVIS information for the data elements that are included in the report. Please note that the types of reports currently available are subject to change as a result of enhancements to the reporting capabilities of the system.

Below is an alphabetical list with descriptions of the reports that are available at this time.

Note: SEVIS displays an alert to the RO and AROs on the first day of the month in which the annual report is due reminding the sponsor to complete and submit the report to DoS. The reminder will be removed when DoS enters the date the report was received into SEVIS. If the receipt date is not entered by the last day of the month in which the report is due, the reminder will be replaced with an annual report past due alert.

13.5 Complete the Annual Report

Sponsors must submit an annual report to DoS. The report must be filed on an academic, calendar, or fiscal year, as stipulated on the program's designation or redesignation letter. The annual reporting cycle and status of the report are listed on the *Program Information* page. The due dates for the annual report are:

- Academic Year ends: June 30
Report due to DoS: July 31
- Calendar Year ends: December 31
Report due to DoS: January 31
- Fiscal Year ends: September 30
Report due to DoS: October 31

The following may display in the **Status of Current Annual Report** field on the *Program Information* page:

- **Due** if the annual report is currently due and DoS has not received the report, or the report has been received but a DoS user has not entered the date the annual report was received into SEVIS
- **Submitted** if DoS has received the report and entered the date the annual report was received into SEVIS
- The field will be blank for a recently designated Exchange Visitor Program sponsor whose first annual report is not due

See 22 CFR 62.15, Annual Reports, for details on what to include in the annual report.

SEVIS displays an alert on the first day of the month in which the annual report is due. The alert will be removed when a DoS user enters the date the report was received into SEVIS. The alert will be replaced by a past due alert if the receipt date is not entered into SEVIS by the due date.

See [Sample Annual Report and Explanation of the Report Data](#) for additional information regarding the report.

To complete the annual report, perform the following:

1. On the *Listing of Programs* page, click the **Reports** link in the **Commands** column. The *RO/ARO Reports* page opens, which contains the list of available reports for the selected program.
Note: The *RO/ARO Reports* page can also be accessed by clicking the **Reports** link on the **Lists/Reports** menu on the *Program Sponsor Information* page.
2. Click the radio button next to **Annual Report - J1 Exchange Visitor Program U.S. Department of State**.
3. Click the **Submit** button. The *Report Criteria* page opens.
4. Select the year from the drop-down list. SEVIS will retrieve the information for the report based on the program's annual reporting cycle.

Note: The year is associated with the program's annual reporting cycle. For example, the 2016 reports would be generated as follows:

- Academic cycle: July 1 2015 to June 30, 2016
- Calendar cycle: January 1, 2016 to December 31, 2016
- Fiscal cycle: October 1, 2015 to September 30, 2016

Note: Important information regarding the annual report data:

- The report data is refreshed every Saturday night; it will be up to date as of 12:01 Sunday morning. For example, if you generate the annual report on a Wednesday, before the end of the reporting cycle, the data will be up to date as of Sunday morning. Sections 1 (Activity by

Category) and 2 (Reconciliation of Forms DS-2019) of the report will not include any data changes made on Sunday, Monday, or Tuesday.

- The data will also be up to date on the day following the end of the reporting cycle (i.e., 12:01 a.m. January 1, July 1, and October 1).
 - When generating an annual report for previous reporting cycles, the data is up to date as of the end of the reporting cycle. However, data in the reports generated for 2006 will be up to date for programs on a calendar year cycle only. The data in the reports generated for 2007 and later will be up to date for all programs.
5. Click the **Submit** button to generate the Annual Report in Portable Document Format (PDF). The report will display in a new browser window. See [Sample Annual Report and Explanation of the Report Data](#) for an example of the report.

Note: Include the Program Sponsor Number and Reporting Period on all pages (see the upper-right section of page 1 of the printed Annual Report).
 13. Save the file.
 14. Print the file and attach the narrative to the printed copy of the SEVIS-generated report.

SECTION 2: RECONCILIATION OF FORMS DS-2019

Note: The values in Section 2 are valid as of the most recent data refresh (that is, 12:01 a.m. Sunday morning), or the day following the end of the reporting cycle (that is, 12:01 a.m. January 1, July 1, and October 1).

The values in this section of the report are determined as follows:

- A. The number of forms carried over from the previous reporting cycle—the number available on the first day of the reporting cycle.
- B. The number of forms allotted minus any form reductions during the reporting cycle.
- C. Add lines A and B to obtain the value for line C, the number of forms available during the reporting cycle.
- D. The number of exchange visitor records created (Forms DS-2019 status set to Initial) during the reporting cycle. This value should be equal to the value identified as “B” in Section 1 in the above exhibit.

Note: The exchange visitor's program begin date is not taken into consideration.

- E. The total number of records that became invalid (Forms DS-2019 status set to Invalid) during the reporting cycle and are still in Invalid status as of the most recent data refresh. (When a record becomes Invalid, the sponsors form allotment is increased by one.)
- F. The number of forms available at the end of the reporting cycle (the value on line C-D+E).

Note: The values in Section 2 do not take into account records that were manually data fixed.

SECTION 3: RECORD STATUSES

The values in section 3 reflect the current counts by status. They are valid as of the date/time on which the report is generated.
